AKW Deluxe Fold Up Shower Seat with Back & Arms

European style folding seat meets ADA requirements. Removable padding offers outstanding sanitary and damage-resistant properties often used in public, institutional, and residential applications.

- Designed in consultation with occupational therapists, end users and installers
- Adjustable for comfort, with seat heights between 15-25 inches with support from swing down legs
- Sturdy design, carries weight up to 560 lbs
- Independent folding padded arms make it suitable for side transfers
- + or - 1/2 inch fine adjustment to foot support leg to allow for gradient in floor
