

## Specifications

### AKW Economy Fold Up Shower Seat with Back & Arms

European style folding seat meets ADA requirements. Removable padding offers outstanding sanitary and damage-resistant properties often used in public, institutional, and residential applications.

- Compact option, designed for smaller enclosures and where space is limited
- Adjustable for comfort, with seat heights between 18-23 inches with support from swing down legs
- Sturdy design, carries weight up to 350 lbs
- Independent folding padded arms make it suitable for side transfers
- + or - 1/2 inch fine adjustment to foot support leg to allow for gradient in floor
